Campus Improvements & Development:

Come and see. Wonderful things are happening at Bishop High. Our campus is beautiful, but the heart of the school is our students. That is our focus, which is the reason we are here, for our students, the future of our country, of our world. If you'd like a tour, please contact the Advancement Office.

Preparation continues as we will soon offer online giving from our website. The Science Wing campaign is heating up and watch for a **new Academic Honors page on our website!** This will be completed in early October.

Please visit our website and see the informative and interactive options we have made available so you will know and enjoy your school! Please see the reverse side of this page for new website details.
