Rodney Shull

Rodney Shull was a graduate of Bishop Garcia Diego High School, Class of 1982. Following a successful football career at SBCC he was awarded a full athletic scholarship to Stanford University for his junior and senior years. He graduated in 1987. Rodney Shull was a natural leader. He was a great listener, but could filibuster with the best of them. At Bishop he was elected ASB President over a more technically qualified candidate, by the sheer force of his personality. He was the type of person who lit up the room when he entered it. He was a gifted athlete, innately intelligent and a loyal friend. He set high standards for himself on the athletic field and in the classroom, but nobody had a better time than Rodney. He loved school and school traditions.

He loved children, everybody's children and especially his own. He wouldn't take no for an answer and heaven help you if you didn't agree with him on something. Rodney Shull's life ended far too soon, as he succumbed to medical complications from a sudden illness in 1998. His wife Ashley, his children and his parents helped establish the Rodney Shull Memorial Scholarship.
